FOREWORD

The 1989 Army Research Institute for the Behavioral and Social Sciences Recruit Experience Tracking Survey (RETS) is the first longitudinal survey research to resurvey soldiers at their duty assignments who originally participated in the 1986 and 1987 New Recruit Surveys (NRS) while in-processing at the eight Reception Battalions. Complementing the original NRS information sources, RETS questions focus on satisfaction with job skills training, importance of Army experiences, potential influences on the recruiting market, reenlistment intentions, educational activities, and other information related to the Army experience.

The New Recruit Surveys were developed to provide answers to questions about enlistment motivations and demographic characteristics of incoming U.S. Army recruits. The ARI New Recruit Surveys of 1982 and 1983 were conducted at the request of the U.S. Army Deputy Chief of Staff for Personnel. Sponsorship of the 1984, 1985, and 1986 surveys was assumed by the U.S. Army Recruiting Command (USAREC), with the continuing interest of the Office of the Deputy Chief of Staff for Personnel. An ARI research and development effort, the New Recruit Surveys were delivered to USAREC in 1987. USAREC has continued the surveys under its operational control from 1987 to the present.

ARI's participation in this effort is part of an ongoing research program designed to improve the quality of Army personnel. This work is an essential part of the mission of ARI's Manpower and Personnel Policy Research Group (MPPRG) to conduct research to improve the Army's ability to effectively and efficiently recruit its personnel. RETS content was sponsored by the U.S. Army Recruiting Command, the U.S. Army Reserve Officer Training Corps Cadet Command, and the Office of the Director of Military Manpower Management.

Results of the RETS survey have been provided in the form of briefings to the Army Deputy Chief of Staff for Personnel (on 31 August 1989) and the Commander, U.S. Army Recruiting Command (on 7 December 1989).

EDGAR M. JOHNSON
Technical Director

THE 1989 ARI RECRUIT EXPERIENCE TRACKING SURVEY: DESCRIPTIVE STATISTICS OF
NPS (ACTIVE) ARMY SOLDIERS

EXECUTIVE SUMMARY

Requirement:

To obtain information concerning the enlistment and reenlistment motivations, attitudes, knowledge, and demographic characteristics of U.S. Army soldiers at the time of initial entry into active duty and after assignment to their permanent duty stations.

Procedures:

The 1989 ARI Recruit Experience Tracking Survey (RETS) is the eighth in a series of survey research projects administered directly by the U.S. Army Research Institute for the Behavioral and Social Sciences. The 1989 survey retains some of the same item content as presented to respondents in the 1986 and 1987 New Recruit Surveys while incorporating new questions on U.S. Army soldiers' awareness of reenlistment incentives and advertising; awareness, interest, and participation in educational programs; intentions to use U.S. Army training to obtain future civilian job opportunities; general satisfaction with the Army and specific satisfaction with skills training; and potential influences on the civilian recruiting market.

The RETS data collection was conducted worldwide by surveys mailed to soldiers' duty assignment locations during April, May, and June of 1989. All soldiers who completed the 1986 and 1987 New Recruit Surveys and who were still on active duty on 26 March 1989 were mailed RETS survey booklets.

Survey forms were registered as they were received at the contractor's site. Survey booklets were optically scanned and subjected to a post-edit programming process in which data accuracy was assured through manual verification of all write-in response items as well as investigations of light-mark reading errors for "Mark all that apply" questions. A technical manual/codebook and descriptive statistics volume were produced.

Findings:

A total of 11,130 U.S. Army soldiers were mailed the 1989 ARI Recruit Experience Tracking Survey. Based on U.S. Army military personnel records, 3,583 NRS respondents were no longer on active duty at the time the addresses were obtained and 24 had no releasable addresses. The sampling plan utilized for the original 1986 and 1987 New Recruit Surveys imposes certain restrictions on the generalizability of RETS data to the overall 1986 and 1987 fiscal year U.S. Army accessions population. However, the survey research process

was successful in collecting and providing current information related to U.S. Army soldiers.

Utilization of Findings:

The 1989 ARI Recruit Experience Tracking Survey and the New Recruit Surveys continue to provide information to U.S. Army policymakers and personnel planners about the quantity and quality of U.S. Army accessions. Specifically, information obtained from these soldiers about their enlistment motivations, awareness and knowledge of reenlistment incentives, and satisfaction with job skills augments the available information on enlistment and reenlistment trends. Awareness of such trends is an integral part of the process of preparing to meet the U.S. Army's projected human resource requirements. Data and information from the 1989 RETS and 1986 and 1987 New Recruit Surveys have been and will continue to be used for these purposes, as well as providing assessment information to maximize the effects of U.S. Army advertising.

THE 1989 ARI RECRUIT EXPERIENCE TRACKING SURVEY:
DESCRIPTIVE STATISTICS OF NPS (ACTIVE) ARMY SOLDIERS

Introduction

This report provides an initial examination of the data on attitudes and experiences of non-prior service soldiers who participated in the 1989 Army Research Institute Recruit Experience Tracking Survey (RETS). All respondents were previous participants in the 1986 and 1987 New Recruit Surveys (NRS) conducted during the soldiers' first three days of processing at Army Reception Battalion locations. The data contained in this volume were obtained by RETS questionnaires mailed to soldiers nearing the end of their first through third years of active duty in the U.S. Army.

This report is one of two volumes that document the methodology and results obtained from the April, May, and June 1989 data collection that constituted RETS. A separate technical manual/codebook documents the survey methodology and database content:

Benedict, M. E. (1990). The 1989 ARI Recruit Experience Tracking Survey: Technical manual/codebook (Research Report 1548). Alexandria, VA: U.S. Army Research Institute for the Behavioral and Social Sciences.

The combined technical manual/codebook provides a source of background documentation for current and potential users' of the data collected by the 1989 RETS. The report includes information about the (1) development and content of the optically-scannable survey instrument, (2) survey administration and implementation procedures, (3) development of the survey database, and (4) composition of the survey codebook.

The present volume presents a brief overview of the 1989 RETS in addition to the descriptive statistics accounts of all survey items tabulated by five crossing variables. This volume is organized into three sections including (1) a brief examination of the background history of the 1986-1987 NRS and 1989 RETS projects, (2) how to read and understand the descriptive statistics entries, and (3) tabulations of the survey responses from active Army soldiers who participated in RETS.

The first section provides a discussion of the NRS projects, the 1989 RETS history, sponsorship, and data availability. The second section guides the reader through a basic interpretation of the descriptive statistics data. The section explains what a reader should examine on a tabular description page, provides basic information about tabular data, and provides advice about interpreting chi-square statistics. The third section contains appendixes including an index to the survey items, examples of

descriptive statistics pages, tabular descriptions/statistics of the survey variables, and a copy of the actual RETS questionnaire.

Survey Projects Background Information

NRS Projects Background

The ARI New Recruit Surveys were valued as important sources of information to Army policy makers and planners. Originally developed by ARI in 1982 under a commission by the Deputy Chief of Staff for Personnel, a series of seven NRS research projects were conducted with new Army recruits. NRS projects directed by ARI included: (1) Summer, 1982; (2) Summer, 1983; (3) Winter, 1983; (4) Summer, 1984; (5) Winter, 1984; (6) Summer, 1985, and; (7) Summer, 1986.

A research and development effort of ARI, NRS was officially delivered to the U.S. Army Recruiting Command (USAREC) as an operational instrument following the 1986 survey administrations. Beginning in June of 1987, the USAREC NRS began year-round administrations with reports generated on a trimester basis. The surveys continue to measure enlistment motivations, attitudes, knowledge, and personal characteristics of new recruits at the time of their initial entry into the Army. The surveys' ability to track changes in characteristics of new recruits over time, as well as to provide an opportunity for the collection of new, policy-relevant information during each survey administration has provided an impetus for their continuation.

Although the sponsorship and specific question content has changed across time, the basic charter has remained unchanged for these field research surveys to determine:

- 1) who is enlisting in the Army and why;
- 2) how to target recruiting resources to attract high quality recruits;
- 3) why recent recruits joined and their propensity to remain in the service, and;
- 4) which recruiting and advertising practices are proving the most effective and why.

In addition to addressing these specific objectives, the survey efforts have expanded the availability of research data by which Army enlistment and reenlistment decision processes can be modeled.

1989 ARI Recruit Experience Tracking Survey

The 1989 RETS project is the first longitudinal survey research effort to locate and resurvey soldiers whose responses were collected during NRS administrations. The concept of a RETS project was discussed early in the life span of the NRS. With so much information available about recruits' reasons for enlisting, attitudes, and other personal characteristics, this follow-up survey provided an opportunity to investigate changes in attitudes, career plans, and satisfaction that occurred during soldiers' Army experience.

The content of RETS was determined through a series of sponsorship requests sent to the U.S. Army Recruiting Command, the Office of the Director of Military Personnel Management, and the U.S. Army Reserve Officer Training Corps Cadet Command. Questionnaire items were submitted from each of these sponsors for inclusion in the survey. Approximately 62% of the survey is devoted to enlistment and reenlistment content. The remainder focuses on satisfaction with Army job training and advertising or marketing issues.

RETS Data Availability

The RETS project resulted in a variety of data available for each survey respondent. The following data sources exist for all respondents:

1. RETS OS dataset (IBM Compatible);
2. RETS Statistical Analysis System (SAS) dataset;
3. RETS verbatim response file;
4. NRS 86/87 SAS datasets;
5. Operational Reporting Master File data files;
6. Enlisted Master File data, and;
7. Loss file data.

Using The 1989 RETS Descriptive Statistics

RETS Tabulation Crossing Variables

Five crossing variables were developed for use in producing this volume of RETS descriptive statistics. These crossing variables include test category (1980 revised youth norms) of male high school diploma graduates and male post-high school attenders only (XTCAT); gender of respondents (XSEX); geographic duty assignment location of respondents where the RETS

questionnaire was mailed (XASSIGN); eligibility for Army College Fund and Cash Enlistment Bonus incentives of male, test category I-IIIA, high school diploma graduates and male post-high school attenders who were de-linked (contracted on or after 20 December 1985) (XACFCEB), and; administration time period in which respondents participated in the original NRS project (XORIGNRS).

The first three crossing variables were developed from MEPRS/REQUEST data from the original 1986 and 1987 Military Entrance Processing Command's Operation Reporting Master Files (ORMF). The gender crossing variable (XSEX) was directly transcribed from the MEPRS/REQUEST data fields. The test category (XTCAT) and enlistment incentives (XACFCEB) variables were created by regrouping and/or combining MEPRS/REQUEST data to produce the final tabulation crossing variables.

The remaining two survey crossing variables (XASSIGN and XORIGNRS) were developed directly from NRS project historical data. XASSIGN was created by matching the NRS respondents' Social Security Numbers to the Enlisted Master File. Duty location zip codes obtained for each of the respondents were collapsed into either continental United States (CONUS) locations or one of three Army post office (APO) locations. XORIGNRS was derived by classifying during which of four NRS data reporting periods soldiers originally participated. These reporting periods are:

1986 = June - August 1986;
87-T1 = June - August 1987;
87-T2 = September - December 1987, and;
87-T3 = January - May 1988.

Contents of a Descriptive Statistic Page

Each survey item included in the RETS questionnaire is documented by the following descriptive information: (1) variable name, (2) 40-character variable label included in the Statistical Analysis System (SAS) database file, (3) statement of the survey question, (4) response category values and labels, (4) item location in the 1989 RETS survey questionnaire, and (5) number of non-prior service survey respondents who responded to each item.

In addition to these information sources, each page contains information to assist the reader in interpreting the tables for the item. This information includes: (1) the title of each table (survey variable number by crossing variable used for the table, (2) labels for the categories of each crossing variable, (3) the total number of respondents within each category of the crossing variable, (4) the total number of respondents to the particular question of interest, (5) value categories for the survey item,

(6) the percentage of responses within each category of the crossing variable, and (7) Pearson's chi-square statistic results with its associated degrees of freedom and probability level.

The 1989 RETS contained questions that either required the respondents to "Mark only one" response or to "Mark all that apply". As the 1989 RETS contained questions that required the respondents to "Mark all that apply", such serial list questions have been configured as a single table for presentation. Such tables present chi-square values, degrees of freedom and probability levels for each line entry. An explanation of this type of survey item presentation is provided in the next section of this volume.

Data Presentation Conventions

The 1989 RETS descriptive statistics items contain responses from 4,256 non-prior service soldiers who participated in the survey during the months of April, May, and June in 1989. The total number of responses may change from table to table as well as in the total number of respondents who were exposed to individual questions on the survey. There are two main reasons for these differences in response.

The first reason is that some tables are limited to specific groups of individuals. For example, all female respondents and those male respondents who did not receive a high school diploma or attend a post-secondary school are excluded from those tables crossed by test category (XTCAT).

The second reason is item non-response. The 1989 RETS was a voluntary survey heavily loaded with reenlistment oriented question content. Thus, soldiers nearing the completion of their enlistment contracts who were not inclined to reenlist may have decided not to respond to such items. Questions toward the end of the survey booklet may exhibit decreases in the number of respondents who persisted in their responses to the questions. Other soldiers may have become frustrated with the length of the survey and entirely stopped responding. Survey respondents who did not answer questions or who made two or more responses when asked to "Mark only one" are not included in the tabulated question totals. Interpretation of items with small number of respondents should be made cautiously.

Survey items in this volume are presented in five two-way cross-tabulation tables that correspond to the five crossing variables of interest. The tables for each survey item are presented on two facing pages. The page on the left contains the descriptive information about the survey item as well as the first two tables. The page on the right contains the remaining

three tables. Survey items containing multiple response categories that preclude this standard method of presentation are displayed with one table per page.

"Mark only one" questions present a general question such as "Based on what you know now, how satisfied are you with Army life" and then ask the respondents to make a single choice from a list of alternatives (e.g., Very Satisfied to Very Dissatisfied) that best represents their opinions or attitudes. Tabulations of this type of survey question poses few problems of interpretation to most users. Column percentages within each table sum to 100% for each crossing variable category and row percentages represent the percentage of total respondents included in the tabulation who marked question alternatives on the survey questionnaire. Multiple responses and non-responses are excluded from the computations. An example of a "Mark only one" survey item tabulation page and an explanation of the content is found in Appendix A.

"Mark all that apply" questions present a general question such as "How did you learn about Army ROTC opportunities while on active duty?", and then ask respondents to evaluate a number of sources from which such information might have been obtained. By selecting one or more sources, the respondent answers multiple True - False questions within the same question (e.g., True - False: From advertisements; From the Army education center; True - False: From a member of my chain of command; etc.). Each response category in such survey items is used to construct a dichotomous variable that indicates whether or not the respondent marked the item. The three serial response survey questions have been combined into a single table for ease in interpretation and presentation. Appendix A contains an example of such a serial response survey item. Each row in the table contains a different variable that corresponds to one of the possible response categories in the original survey question. Thus the example in Appendix A condenses 6 individual tables into one summary table.

Each row in the summary table represents a table that includes both the percentage of individuals who checked the responses category and the percentage of individuals who did not check the particular response category. For example, rows A and B in the example summary table may be interpreted as follows:

a) 68.4% of all male respondents to item R081 reported they had not learned about ROTC opportunities while on active duty. 31.6% of all male respondents reported they had learned about ROTC opportunities. Similarly, 67.9% of all female respondents reported they had not learned about ROTC opportunities while on active duty, while 32.1% did learn about ROTC. 10% of all male respondents reported they learned about ROTC opportunities from advertisements, while 90% of all male respondents did not report learning about ROTC opportunities from advertisements. The population percentages of all responses to item R081 categorized

31.7% of soldiers as having learned about ROTC opportunities while on active duty and 68.3% who did not.

b) The chi-square statistic associated with Row A in the table is testing the relationship between gender and learning about ROTC opportunities while on active duty. The chi-square value at .044, with 1 degree of freedom, yields the probability of 0.834. This is considered to be a nonsignificant statistical difference between groups.

Interpreting Pearson's Chi-Square Statistic

Pearson's chi-square statistic is reported for each of the tables in this volume. A significant chi-square indicates that the response pattern cannot be explained just by knowing how many respondents are in each category and how many respondents marked each response. A nonsignificant chi-square indicates that the categories of respondents probably do not differ on the question. Because of the large number of tables being presented, statistical significance for these tables should probably be set at the .001 probability level. That is, chi-squares with probability levels equal to or less than .001 should be taken as strongly indicating that the question responses do differ between categories of recruits. At this probability level, there is only one chance in a thousand that the chi-square would be significant by chance alone. A conservative rule of thumb when judging the significance of tables is that if the probability level is no larger than .01 and preferably .001 or smaller, and the responses fall into some meaningful pattern, it is likely that there are real differences in the way the categories of recruits responded to the question.

Tabular Description Index

The tabular description index in Appendix B provides a table of contents for the descriptive statistics appearing in Appendix C. The index presents four sources of information about each survey item included in this volume. Presented in order of appearance in Appendix C, the index includes each item's (1) RETS question number, (2) variable name, (3) SAS variable label, and (4) page number location in Appendix C.

EXAMPLE OF A "MARK ONLY ONE" ITEM

EXPLANATION

DESCRIPTIVE STATISTICS "MARK ONLY ONE" SURVEY ITEM PAGE

1. Variable name for tabled survey item.
2. Variable label.
3. Statement of survey item as it appears in the questionnaire.
4. Actual values of the tabled survey item.
5. Value labels for the tabled survey item.
6. Question location in the 1989 RETS.
7. Total number of completed surveys received from non-prior service soldiers. This number is an unweighted count based in the survey sample.
8. Table title (survey item by crossing variable label).
9. Frequency counts of responses to survey item broken down by category of the crossing variable. These may be referred to as "marginal N's" as they provide an overall count or number of responses within each category of the crossing variable.
10. Value labels for the crossing variable. In this example, the labels describe the categories of gender that can only be male and female. Each of the crossing variables have unique value labels that will remain the same across survey item/table presentations.
11. Total number of valid responses. This is a marginal N of total responses to the survey item across crossing variable categories. In contrast to Item 7 (number of non-prior service completed surveys), this N will necessarily vary across tables due to missing values on particular survey items.
12. Survey item values. Only item values are presented in the actual tables to preserve clarity. However, these values are described (labeled) at the top of the tabulation page (See Item 5).
13. Sample percentages broken down within crossing variable categories.
14. Sample percentages of responses across crossing variable categories. These percentages are presented for each survey item category.
15. Total column percentages. These columns will approximate 100% with occasional deviations due to rounding error.
16. Value of the chi-square statistic.
17. Degrees of freedom (D.F) associated with the chi-square statistic.
18. Probability based on the chi-square distribution.
19. Page number.

1989 ARI RECRUIT EXPERIENCE TRACKING SURVEY

The U.S. Army Research Institute (ARI) is conducting a survey of soldiers. You have been selected to participate in this important effort. At the time you entered onto Active duty, you completed a survey at the reception battalion. Now that you have experienced Army life, we are asking you to answer some questions about it. Your answers will be seen by researchers only and will have no effect on you. This information will be used for research and analysis purposes only and will have no adverse effects on your Army career. Please read and follow the instructions carefully.

NOTE:

Public Law 93-573, called the Privacy Act of 1974, requires that you be informed of the purpose and uses to be made of the information that is collected.

The Department of the Army may collect the information requested in the ARI Recruit Experience Tracking Survey under the authority of 10 United States Code Section 139.

Providing information in this questionnaire is voluntary. Failure to respond to any particular questions will not result in any penalty.

The information collected in the survey will be used to evaluate and improve military personnel, retention, and recruiting policies.

PLEASE TURN TO PAGE TWO AND
READ THE INSTRUCTIONS CARE-
FULLY BEFORE CONTINUING WITH
THIS SURVEY QUESTIONNAIRE.

DO NOT WRITE IN THIS SHADED AREA

HOW TO FILL OUT THIS SURVEY

- Read the directions before you begin.
- Read each question carefully.
- Mark your answers directly on this form.
- Read and follow the marking directions on this page.
- Fill in the circle next to the answer(s) that best reflects your opinion. Some questions should only have one answer, others will direct you to mark all that apply.

MARKING DIRECTIONS

- Use a number 2 pencil only.
- Make heavy black marks that fill the circle.
- If you change your mind, erase completely.

Right Mark

Wrong Marks

HOW TO ANSWER THE QUESTIONS

There are several types of questions that will be asked in this survey.

Some questions ask you to mark **ONLY ONE** answer:

What branch of the military are you entering?
(MARK ONLY ONE)

- ☒ ARMY
- ☐ AIR FORCE
- ☐ NAVY
- ☐ MARINES

Other questions ask you to mark **MORE THAN ONE** answer.

Which sports did you participate in while you were in high school?
(MARK ALL THAT APPLY)

- ☐ Football
- ☐ Basketball
- ☐ Swimming
- ☒ Baseball
- ☐ Track
- ☒ Soccer

This is not a test, so take your time and select the answer or answers that fit you best.

DO NOT WRITE IN THIS AREA

1. Based on what you know now, how satisfied are you with ARMY life? Please use the scale below to answer this question. (Mark only one)

Very Satisfied Very Dissatisfied

① ——— ② ——— ③ ——— ④ ——— ⑤ ——— ⑥ ——— ⑦

2. How likely is it that after this enlistment you will:

	Definitely	Probably	Probably Not	Definitely Not	Don't Know
A. Leave the ARMY to find civilian employment.....	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
B. Leave the ARMY to attend college	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
C. Leave the ARMY for civilian vocational/technical education.....	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
D. Reenlist, but probably not make the ARMY a career	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
E. Stay in the ARMY until I retire.....	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
F. Join an ARMY Reserve unit	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
G. Join an ARMY National Guard unit.....	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
H. Participate in an ARMY Reserve Officer's Training Corps program in college	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

3. What effect, if any, have your ARMY experiences had on the development of specific job knowledge, skills, and abilities that will help you obtain a civilian job? (Mark only one)

- ☐ Strong negative effect
- ☐ Negative effect
- ☐ No effect
- ☐ Positive effect
- ☐ Strong positive effect

4. If a good friend of yours asked your advice about seeing a military recruiter, would you say it was: (Mark only one)

- ☐ A good idea
- ☐ Up to him or her
- ☐ A waste of time

5. If you met someone who asked your advice about joining the ARMY, would you recommend he/she: (Mark only one)

- ☐ Enlist in the ARMY
- ☐ Enlist in another military service
- ☐ Not enlist in military service

6. Would you like to see your son or daughter, at some point, join the military? Answer even if you have no children or do not plan to have children.

A. Your son?

- ☐ Yes
- ☐ No

B. Your daughter?

- ☐ Yes
- ☐ No

7. Would you be interested in helping recruiters identify potential enlistees?
(Mark only one)

- ☐ Definitely
- ☐ Probably
- ☐ Probably not
- ☐ Definitely not

8. Would you consider enlisting in a U.S. ARMY Reserve Unit for additional cash and/or educational benefits when you E.T.S.? (Mark only one)

- ☐ Definitely
- ☐ Probably
- ☐ Probably not
- ☐ Definitely not
- ☐ Don't know

9. What effect, if any, have your ARMY experiences had on the development of personal characteristics and attitudes that will help you obtain a civilian job? (Mark only one)

- ☐ Strong positive effect
- ☐ Positive effect
- ☐ No effect
- ☐ Negative effect
- ☐ Strong negative effect

10. Would you provide your recruiter with leads of close friends or relatives who would benefit from the ARMY? (Mark only one)

- ☐ Yes
- ☐ Maybe
- ☐ No

Continue with Question 12

12. In thinking about your plans for the next three years, HOW IMPORTANT is it that you have the following opportunities?

	Not At All Important	1	2	3	4	Very Important
A. Having a wide variety of opportunities to find a job you can enjoy ..	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
B. Having a physical challenge	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
C. Having an experience you can be proud of	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
D. Having a stepping stone between high school and college	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
E. Developing leadership skills	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
F. Working with the latest high-tech equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
G. Helping your career development	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
H. Developing self confidence	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I. Developing your potential	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
J. Having a mental challenge	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
K. Becoming more mature and responsible	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
L. Training in useful skill areas	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
M. Working with highly-trained people	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
N. Earning money for college or vocational education	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

13. If you had it to do all over again, would you join the ARMY?
(Mark only one)

- ☐ Definitely
- ☐ Probably
- ☐ Probably not
- ☐ Definitely not
- ☐ Don't know

14. How much have your ARMY experiences helped you to develop specific job knowledge, skills, and abilities that you feel might increase your value as an employee of a civilian company?
(Mark only one)

- ☐ Very much
- ☐ Much
- ☐ Somewhat
- ☐ Very little
- ☐ Not at all

8. Indicate if the following statements are TRUE or FALSE for you:

- | True | False | |
|-----------------------|-----------------------|--|
| <input type="radio"/> | <input type="radio"/> | A. I completed AIT in the MOS for which I contracted. |
| <input type="radio"/> | <input type="radio"/> | B. I did not complete AIT in the MOS for which I contracted, BECAUSE I failed the AIT requirements. |
| <input type="radio"/> | <input type="radio"/> | C. I did not complete AIT in the MOS for which I contracted, BECAUSE I requested a change due to incomplete or false information provided by the ARMY before I signed my contract. |
| <input type="radio"/> | <input type="radio"/> | D. I did not complete AIT in the MOS for which I contracted, BECAUSE I requested a change due to new interests. |
| <input type="radio"/> | <input type="radio"/> | E. I enlisted to get trained in job skills that are required for a specific civilian job. |
| <input type="radio"/> | <input type="radio"/> | F. I got the job skills training that I expected when I enlisted. |
| <input type="radio"/> | <input type="radio"/> | G. The ARMY trained me during AIT primarily on specific ARMY equipment or tasks, and I don't expect these skills to transfer to civilian jobs. |
| <input type="radio"/> | <input type="radio"/> | H. My ARMY AIT prepared me to work with either ARMY or civilian equipment or tasks. |
| <input type="radio"/> | <input type="radio"/> | I. The MOS for which I was trained in AIT involves the skills that I expected when I enlisted. |
| <input type="radio"/> | <input type="radio"/> | J. The MOS for which I was trained in AIT involves the skills that I was promised when I enlisted. |
| <input type="radio"/> | <input type="radio"/> | K. I gained useful job experience working in the MOS I went to AIT for. |
| <input type="radio"/> | <input type="radio"/> | L. After completing AIT, my MOS was changed at my request. |
| <input type="radio"/> | <input type="radio"/> | M. After completing AIT, my MOS was changed at the request of the ARMY. |

9. My duty MOS is different from my primary MOS because: (Mark only one)

- ☐ Does not apply, my duty MOS is the same as my primary MOS.
- ☐ The ARMY assigned me to work in another MOS.
- ☐ I requested to work in a different MOS.
- ☐ Other

17. How much contact have you had with your Battalion Career Counselor about reenlistment? (Mark only one)

- ☐ I do not know what a Battalion Career Counselor is.
- ☐ None
- ☐ A little
- ☐ Frequent
- ☐ A great deal

18. If you wanted to change your MOS but discovered you could not, would you reenlist? (Mark only one)

- ☐ Definitely
- ☐ Probably
- ☐ Probably not
- ☐ Definitely not
- ☐ Don't know

19. How much have your ARMY experiences helped you to develop personal characteristics and attitudes that you feel might increase your value as an employee of a civilian company? (Mark only one)

- ☐ Not at all
- ☐ Very little
- ☐ Somewhat
- ☐ Much
- ☐ Very much

20. Did you attend Basic Skills Education Program (BSEP) classes at an Army Education Center?
(Mark only one)

☐ No
☐ Don't know
☐ Yes

Go to question 22

21. How useful was what you learned during BSEP classes in:

Completely Useless
 Of Little Use
 Somewhat Useful
 Very Useful
 Extremely Useful

A Improving your basic skills.....	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
B Adjusting to ARMY life	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
C Making your ARMY training easier	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
D Improving motivation to perform your job	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
E Improving your self confidence.....	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
F Communicating with your superiors	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
G Communicating with other soldiers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
H Deciding to reenlist	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

22. Indicate how much you AGREE or DISAGREE with the following statements. Select one response for each statement from the following scale:

Disagree Completely
 Disagree Somewhat
 Neither Agree nor Disagree
 Agree Somewhat
 Agree Completely

A The ARMY offers a wide variety of opportunities to find a job you can enjoy.....	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
B The ARMY offers a physically challenging environment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
C The ARMY offers an experience you can be proud of	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
D The ARMY offers an advantage over going right from high school to college	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
E The ARMY offers an opportunity to develop leadership skills	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
F The ARMY offers the chance to work with the latest high-tech equipment	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
G The ARMY offers a great value in your civilian career development	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
H The ARMY offers an opportunity to develop self confidence	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
I The ARMY offers an opportunity to develop your potential	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
J The ARMY offers a mentally challenging experience	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
K The ARMY offers an opportunity to become more mature and responsible.....	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
L The ARMY offers many opportunities for training in useful skill areas.....	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
M The ARMY offers many chances to work with highly-trained people	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

O Army ROTC offers a guaranteed full-time job after college	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
P Army ROTC offers leadership and management training	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
Q Army ROTC training will help me prepare for a civilian career	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
R Army ROTC offers an opportunity to be part of an elite group of officers	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

23. Which of the following educational programs have you attended/taken while on active duty? (Mark all that apply)

☐ A DOES NOT APPLY — I did not attend educational programs while on active duty

- ☐ B 4-Year college or university
- ☐ C 2-Year junior college
- ☐ D 2-Year community college
- ☐ E College-level correspondence course
- ☐ F High school equivalency course
- ☐ G Vocational/technical or business school

24. How did you learn about Army ROTC opportunities while on active duty? (Mark all that apply)

☐ A DOES NOT APPLY — I did not learn about Army ROTC opportunities

- ☐ B From advertisements
- ☐ C From the Army Education Center
- ☐ D From a member of my chain of command
- ☐ E From an Army ROTC cadre member
- ☐ F Other

25. Is the time it would take you to obtain a college degree while in the ARMY acceptable to you? (Mark only one)

- ☐ Yes
- ☐ No

26. How long would it take you to obtain a college degree while serving in the ARMY? (Mark only one)

- ☐ 4 years or less
- ☐ 5 years
- ☐ 6 years
- ☐ 7 years
- ☐ More than 7 years

27. If you left the ARMY today for a civilian job, how much do you think you could earn? (Mark only one)

- ☐ \$0 to \$14,999 yearly
- ☐ \$15,000 to \$18,999 yearly
- ☐ \$19,000 to \$22,999 yearly
- ☐ \$23,000 to \$26,999 yearly
- ☐ \$27,000 or more yearly

28. If you had to change your current MOS in order to reenlist, would you reenlist? (Mark only one)

- ☐ Definitely
- ☐ Probably
- ☐ Probably not
- ☐ Definitely not
- ☐ Don't know

29. Some of the accumulation of promotion points is linked to length of enlistment. How fair is this? (Mark only one)

- ☐ Very unfair
☐ Somewhat unfair
☐ Neither fair nor unfair
☐ Somewhat fair
☐ Very fair

30. The ARMY promotes only to the number of soldiers that are needed in each MOS. How fair do you think this part of the promotion system is? (Mark only one)

- ☐ Very unfair
☐ Somewhat unfair
☐ Neither fair nor unfair
☐ Somewhat fair
☐ Very fair

31. How likely is it that you would reenlist if the ARMY would guarantee each of the following: (Mark only one)

- Don't Know
 Definitely Not
 Probably Not
 Probably
 Definitely
- A. An option to transfer your Army College Fund/New GI Bill (i.e., educational benefits) to a family member ☐ ☐ ☐ ☐ ☐
- B. Time off during the week to attend college courses ☐ ☐ ☐ ☐ ☐
- C. Receive a year off (without pay) to pursue a college degree while using your New GI Bill/Army College Funds ☐ ☐ ☐ ☐ ☐
- D. Promotion to E-5 in 48 months ☐ ☐ ☐ ☐ ☐
- E. Cash bonus of \$4,000 ☐ ☐ ☐ ☐ ☐
- F. Cash bonus of \$8,000 ☐ ☐ ☐ ☐ ☐
- G. Cash bonus of \$12,000 ☐ ☐ ☐ ☐ ☐
- H. Cash bonus of \$16,000 ☐ ☐ ☐ ☐ ☐
- I. Cash bonus of \$20,000 ☐ ☐ ☐ ☐ ☐

32. The ARMY is exploring ways to make reenlistment more attractive. Would you prefer a cash bonus or the ARMY's guarantee of a promotion to E-5 in 48 months? For each bonus amount listed below, mark your preference either for the specified bonus amount or for a guaranteed promotion. (Select either A or B for each row)

If Bonus Amount is:	I Prefer a Bonus	I Prefer a Guaranteed Promotion
A. \$ 4,000	<input type="radio"/>	<input type="radio"/>
B. \$ 8,000	<input type="radio"/>	<input type="radio"/>
C. \$12,000	<input type="radio"/>	<input type="radio"/>
D. \$16,000	<input type="radio"/>	<input type="radio"/>
E. \$20,000	<input type="radio"/>	<input type="radio"/>

33. What do you think about the current promotion point allocation from each of the following sources? (Mark only one)

(Current Points)	Source	Way too Few Points Given	Just Right	Way too Many Points Given
A. (200)	Commanders Recommendation	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
B. (200)	Skill Qualification Test (SQT)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
C. (50)	Physical Fitness Test (PT)	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
D. (50)	Weapons Qualification	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
E. (100)	Civilian Education	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
F. (50)	Awards	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
G. (150)	Military Education	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
H. (200)	Promotion Board	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

34. In this section indicate how much you agree or disagree with the following list of statements. Mark an 'X' in the circle that represents your opinion for each statement.

Strongly Disagree _____
 Disagree _____
 Neither Agree nor Disagree _____
 Agree _____
 Strongly Agree _____

- | | |
|--|---|
| A. Reenlistment advertising (e.g., radio spots, printed material, novelty items) really has no effect on my decision to reenlist | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| B. A chain of command that cares about the individual soldier can influence my reenlistment decision positively | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| C. The reenlistment advertising I have seen, heard, or read addresses the concerns that I have about continued service in the ARMY | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| D. ARMY advertising makes me feel good about being in the ARMY | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| E. It bothers me that ARMY advertising does not realistically portray life in the ARMY | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| F. Obtaining a college degree is very important to me | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| G. To be successful in the ARMY you need a college education | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| H. I can get duty time off for college courses | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| I. Field exercises and training do not interfere with my off-duty education | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| J. Obtaining a college degree while in the ARMY is a very difficult thing to do | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| K. I have had the opportunities to take some college courses while in the ARMY but have not done so | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| L. Passing the Skill Qualification Test (SQT) should be a prerequisite of promotion | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| M. Soldiers who have served longer in their MOS should be required to achieve higher scores to pass the SQT | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| N. A passing SQT score should be required for reenlistment eligibility | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| O. Promotion and reenlistment preference should be given to soldiers who achieve higher SQT scores | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| P. A soldier who enlists for 3 years should have an opportunity for promotion to E-5 before his/her Expiration of Term of Service (ETS) date | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |
| Q. The ARMY should have higher standards for reenlistment | <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> <input type="radio"/> |

SURVEY COMPLETION

Congratulations! You have successfully completed this survey. Now...To finish you need to:

Step 1. Put this booklet in the business reply envelope provided.

Step 2. Seal the envelope.

Step 3. Mail the envelope within 24 hours.

Thank you for your time and effort. We greatly appreciate your cooperation. You will be given an opportunity to receive a copy of the general results of this survey project at a later time.

IF YOU ARE RETURNING THIS SURVEY FROM AN APO, YOU MUST USE THE ON-BASE (MILITARY) POST OFFICE. THANK YOU.
